

CEC Efforts

Enabling Everyday Load Flexibility

- **Load Management Standards**
 - Require utilities to offer hourly marginal cost-based prices
 - Require utilities to upload all rates to MIDAS and provide rate ID lookup
- **Flexible Demand Appliance Standards**
 - Standards for appliances sold in CA to enable load flexibility
- **Research and Emerging Technology Support**
 - Research into load flex technologies
 - Support early-stage development of load flex technologies
- **State Load Flexibility Goals**
 - 7 GW of load flexibility by 2030
